Attorney Docket No. P00,1904

OFFICE OF PETITIONS

ON PETITION

This is a decision on the petition under 37 CFR 1.137(b), filed October 19, 2007, to revive the above-identified application.

The application became abandoned for failure to respond to the non-final Office action mailed July 28, 2005. A Notice of Abandonment was mailed on March 20, 2006.

There is no indication that the person signing the instant petition was ever given a power of attorney or authorization of agent to prosecute the above-identified application. However, in accordance with 37 CFR 1.34(a), the signature of Renato L. Smith appearing on the petition shall constitute a representation to the United States Patent and Trademark Office that he/she is authorized to represent the particular party in whose behalf he/she acts.

Additionally, it is not apparent whether the statement of unintentional delay was signed by a person who would have been in a position of knowing that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. Nevertheless, in accordance with 37 CFR 10.18, the statement is accepted as constituting a certification of unintentional delay. However, in the event that petitioner has no knowledge that the delay was unintentional, petitioner must make such an inquiry to ascertain that, in fact, the delay was unintentional. If petitioner discovers that the delay was intentional, petitioner must so notify the Office.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of an amendment, specification and two sheets of replacement drawings containing Figures 11-13; (2) the petition fee of \$1,540; and (3) a proper statement of unintentional delay. Therefore, the petition is **GRANTED**.

If petitioner desires to receive future correspondence regarding this application, the appropriate power of attorney or authorization of agent must be submitted. A courtesy copy of this decision

is being mailed to petitioner. Nevertheless, all future correspondence regarding this application file will be directed solely to the address of record until otherwise instructed.

This application file is being referred to Technology Center Art Unit 3725 for further processing.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-3226.

A handwritten signature in black ink, appearing to read "Andrea Smith", written over the printed name.
